baptism ~ obey the one

monday

Do you know that baptism is a symbol of Jesus' death and resurrection? Look up and read Romans 6:3-5. What part of Christ's death and resurrection does going under the water in baptism symbolize? What part of Christ' death and resurrection does coming out of the water in baptism symbolize? On the back of this paper, draw a picture of someone being baptized.

tuesday

Look up and read Acts 16:30-33. What came first, belief or baptism? In the Bible, when a person believes in Christ, he/she is baptized as a proclamation of his/her faith. The early church maintained this tradition, and it's the same tradition we follow at Jacob's Well -- Believers telling others about their own belief in God. Look up and read Matthew 28:19. Does God tell us to be baptized? Pray together.

wednesday

Read about Jesus' baptism in Mark 1:9-11. Since Jesus was baptized, if we believe and follow him, should we be baptized? Discuss this as a family.

thursday

Pray about baptism. Ask God to help you recognize and understand God's desire for those of us who follow Him to take this step of obedience. Do you understand this is a step of obedience? Are you struggling with the fact that it's a step of obedience? Why? What makes this difficult for you? Talk to God about this as you pray.

friday

Read Matthew 28:18-20. Think about where you are on your journey with God. Is God asking you to share your belief in Him publicly through baptism? Pray about this with your parents and family.

saturday

Parents, share with your children when you were baptized. Parents, if you haven't been baptized, is this the time to proclaim your belief in the life, death and resurrection of Christ? Pray about baptism as a family. If you've been baptized, thank God for His love as we follow Him for our lives.
